The Comfortable, Durable Walls FR Vented Coverall

SKU: 62502

CAT 2 APV 8.2

Walls® FR's Vented Coverall combines the brand's trademark durability and flame-resistant (FR) protection with new, comfort-enhancing features — including a vented back with a concealed mesh panel for improved breathability and a banded waist with elastic inserts for better ease of movement. So whether you're in the oilfield, on the telephone pole or in the factory, you'll be protected from arc-flash and flash-fire hazards while enjoying a superior fit and feel.
